Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to formatting media clips using Real Time Protocol (RTP). The independent claims identify the uniquely distinct feature "retrieving the stored record and playing it in accordance with the stored timestamps contained therein by determining the times to play the data contained in the respective stored packets based on a combination of the local time and the stored timestamp contained in the stored packets." The closest prior arts, Le (US Pat. No. 6300887) and Agraharam et al. (US PG PUB 2001/0042114) either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
